

who we are

RaiseRED is the University of Louisville's largest student-run philanthropic organization, supporting patient care at Norton Children's Cancer Institute and research at UofL's School of Medicine. We're one of over 400 Children's Miracle Network dance marathons. **Every February, hundreds of students join our dance marathon** to celebrate and fundraise for the children and families we serve.

what we do

RaiseRED lifts up children and families facing cancer and blood disorders, ensuring every dollar raised stays in our community. By partnering with local organizations, we help fund groundbreaking research and create moments where kids can focus on laughter, friendship, and simply being kids—even in the toughest times.

Interested in sponsoring us?

why partner with us?

If your organization would benefit from meaningful exposure to college students, the medical community, and families across our region, we invite you to help us make a lasting impact by supporting our mission.
