

## Thank You Letter Template

It is **crucial** to send Thank You letters/ notes to your donors to show them how much you appreciate their contribution. After all, they gave because YOU asked them to. To show your donors how thankful you are for their gift, you could get creative and make a Thank You Video on social media, tag your donors in one of our social media templates, write hand-written letters, etc.

When sending digital Thank You's, I like to include a picture from the marathon!

Below is an example of a Thank You Letter:

---

Dear **[INSERT DONOR NAME]**,

Thank you so much for your generous donation to raiseGOLD. Because of your contribution, each kid we benefit has a fighting chance, and I am one step closer to reaching my goal of **[INSERT GOAL]**. This organization means so much to me and **[INSERT WHY YOU DANCE]**. Thank you again for supporting me on my journey to create a better tomorrow and raise money because Kids Can't Wait!

Thanks,
